

# LWML SWD Mission Grant 9b: Teaching Children as Christ Taught Us \$12,000

Lutheran Special School & Education Services (LSSES) believes in the value of Christian education for all children, including those with special learning needs. Almost half of the LSSES students have no church affiliation so beside being helped to experience growth and success academically, their lives are being touched by the Holy Spirit through daily devotions, religion classes and personal witness. This LWML grant would provide scholarships for three families who could not afford tuition.

## **Mission Grant Prayer**

*Lord Jesus, You said, "Let the children come to me." Please bless the ministry of the Milwaukee-based Lutheran Special School & Education Services as children here are drawn to You through the teaching of Your life-saving word of love and care. Bless all our offerings in such a way that this ministry can be expanded and enlarged to serve many more special students. In Your Name we ask it. Amen*
